# ilo

Portable or  
in-ground version

Ilo, contemporary luxury

With its restrained, soothing, minimalist lines, Ilo embodies contemporary style and function. Beautiful to look at, delightful to use, this spa has been cleverly sized to pass easily through the interior doors of modern apartments.

Another distinctive feature that sets Ilo apart, a reversible lounger seat that allows you to either stretch out for some relaxing conversation, or adopt a more cosy side by side semi reclined position.

The portable version features an attractive surround made of  
- Solid red cedar 7 mm thick.  
- Composite wood (grey, havana, coral).

## REMOTE INSTALL KITS

Remote installation kits are available to allow installation of the spa pack at a distance from our in-ground and portable spas.

These kits comprise 7.5 metres of the various tubes and hoses required to connect the spa pack (blower, heater, ozonator, two-speed pump and massage pumps).

## SURROUNDS
